

TECHNICAL DATA

CLEANER 425-C

SELF-FOAMING HEAVY DUTY CLEANER

Product Description and Purpose

CLEANER 425-C is a heavy duty cleaner with built-in foam additive for use in the food and beverage industries. It is ideal for use on heavy encrusted soils and rinses off readily. Extra thick foam is obtained when used with any suitable foaming device. This provides maximum dwell time of the cleaner to penetrate the soil and effect removal.

Features/Benefits

Economical

Concentrated

Surfaces Applicable

It is safe on stainless steel, iron, chrome and nickel. It is not safe on soft metals such as aluminum and galvanized.

General Usage Directions

CLEANER 425-C is used at concentrations ranging from 1:20 to 1:35, depending on the amount of soil to be cleaned.

Physical Properties

Form	Liquid
Color	Light Brown
Wetting	Excellent
Foam	Very Heavy
Rinsability	Complete
Specific Gravity	1.455-1.475
pH (1% Solution)	12.6
