

TECHNICAL DATA

CLEANER CHLOR SF PLUS CHLORINATED SELF-FOAMING CLEANER

Product Description and Purpose

CLEANER CHLOR SF PLUS is an alkaline, chlorinated, self-foaming cleaner for use in meat packing plants, bakeries and other food plants. These characteristics combined in a single package offer economy and convenience advantages. **CLEANER CHLOR SF PLUS** can be applied mechanically or manually.

Features/Benefits

Economical

Concentrated

Surfaces Applicable

Safe on mild steel, stainless steel, and aluminum and galvanized in diluted solution.

General Usage Directions

Use at concentration of 1:20 - 1:50 with water depending on concentration of soil on area to be cleaned. **CLEANER CHLOR SF PLUS** provides maximum chlorine stability when used at temperatures below 120° F. Allow contact with cleaning surface for several minutes and then rinse with potable water.

Physical Properties

Form	Liquid
Color	Clear
Foam	High foaming - self-foaming
Rinsing	Complete
pH (1% Solution)	12.6
Specific Gravity	1.02-1.08
Chlorine (Avail.)	1025 PPM at 1:20
Biodegradable Surfactants	Yes
