

TECHNICAL DATA

Smokehouse Cleaner Liquid

Heavy Duty Cleaner

Product Description and Purpose

SMOKEHOUSE CLEANER LIQUID is a concentrated, light brown, heavy-duty alkaline cleaning compound designed to remove burned-on carbons and other baked-on food soils. It is effective in removing oils, greases, and proteinaceous deposits commonly found throughout the food industry. **SMOKEHOUSE CLEANER LIQUID** is authorized by the USDA for use in Federally inspected meat and poultry processing plants.

Features/Benefits

Concentrated
Economical to use

General Usage Directions

When the product is applied as a total liquid cleaning solution, normal use concentrations are 2 to 3 fluid ounces per gallon. Approximate use concentration when applied as foam, is 4 to 6 fluid ounces per gallon. When the product is applied as a total liquid cleaning solution, normal use concentrations are 2 to 3 fluid ounces per gallon. A boil-out operation such as deep fat frying equipment will require concentrations of approximately 4 to 6 fluid ounces per gallon, depending on the degree of soil present. When **SMOKEHOUSE CLEANER LIQUID** is used in soaker tanks for immersion cleaning of parts and equipment, concentrations will generally range between 4 to 6 ounces per gallon at a temperature of 180 degrees F. to boiling.

Physical Properties

Form	Liquid
Color	Dark Brown
Emulsification	Rapid
pH (1% solution)	12.5
Specific Gravity	1.35-1.40
Wetting Ability	Excellent
